

7.2.1 SCMSP Best Practices (1) 2016-2017

Internationalization

1. **Title of the practice** – Internationalization
2. **Objectives of the practice (In 400 words)** – To provide diversity in the classes of our students so that they become responsible global citizens.
3. **The Context (In 150 words)** – In line with the SIU mission of ‘Vasudhaiva Kutumbakam’, one of the primary goals at SCMS, Pune is to make the students responsible global citizens. The Internationalization of the SCMS, Pune campus is in the form of full time International students, Semester Exchange students from foreign universities, SCMS students going to foreign universities and also through various initiatives on campus such as workshops, certificate programs and guest lectures. The SCMS campus is a very diverse campus. There are full time international students from 31 different countries on the campus plus many Non Resident Indian students
4. **The Practice (In 400 words)** –
 - a. **GIP-** At SCMS, the fourth semester has been identified as the ‘Global Immersion Program’ semester. During the GIP semester, SCMS students have the freedom to complete any 12 credits of their choice from a partner university of SIU across the globe. These credits are accepted at SCMS.
 - b. **Summer School-** Some SCMS students also choose to attend Summer schools and other short term programs. SCMS facilitates this by offering attendance assistance etc. SCMS students have attended summer schools at universities such as, Harvard University, London School of Economics, Dance summer school at Trinity Laban, UK, Fudan University, Shanghai, China and more.
 - c. **Buddy Committee-** Buddy committee is a body of the international cell formed of 14-16 members from 1st, 2nd and 3rd year. The main objective is to help international students adjust to their new home. As a new student, it is always difficult adapting to a new and different environment, Buddy is able to show typical Indian traditions and is able to explain why things are the way they are. He/she can also help out with some practical issues faced by foreign national students. Most important, Buddies are the friends, guides, mentors and definitely hang out peers. They make an atmosphere of home away from home for the new students.
 - d. **Study India Program-** SCMS has hosted students from different university for study India program. In the past SCMS has hosted following university students- The students of Deakin University, Australia had visited the Institute for a six-day study tour on the subject “Investment and Portfolio Analysis” from 20th November to 25th November 2017, 2018 & 2019. Their study started from what were investments to understanding security instruments, Financial and capital markets, Portfolio creation, Fundamental and Technical analysis. They had an industry tour as well where they were taken to PwC/

KPMG and were given an insight into Investment Banking in India. A contingent of 16 students from Liege School of Commerce, Belgium accompanied by their Professors visited Symbiosis Centre for Management Studies, Pune on 15 March 2018. They were traditionally welcomed by the students and faculty of SCMS Pune. The Liège faculty and students presented the business initiatives of the Belgium firms intending to make a foray into Indian market. The faculty of SCMS-Pune also took a session on “Doing Business in India.

- e. **International Faculty-** SCMS has also hosted foreign faculties with expertise in different fields.
- f. **COIL** – From the academic year 2019 – 20, SCMS Pune initiated the COIL (Collaborative Online International Learning) with a US University, where students from both the institutes were co-taught a module and co-worked on a project by leveraging ICT (Information and Communication Technology). This was included in their internal assessment.

5. Evidence of success (In 200 words) –

- a. Number of outgoing and incoming students has gone up gradually over the years.
- b. The diversity in the campus has also increased, we have students from over 30 different countries studying in the campus.
- c. The study India program of Deakin University has now become a regular activity
- d. The COIL Collaboration has been done for two consecutive semesters and we have started planning for the third collaboration.

6. Problems encountered and the resources required (In 150 words) –

- a. The International students seem to face problems related to culture, food, health, etc. so managing them sometimes is a challenge.
- b. The International students also face problems related to the FRO process since it changes frequently and the students have to visit them multiple times.
- c. In case of COIL, the time difference seems to be a major challenge, in addition it takes some time for the students to understand each other’s culture and traditions and start working together

7. Notes (optional – In 150 words) – This is a very successful practice
