Sample Key Learnings(Students Responses)

I LEARNT A LOT FROM COIL, MAINLY I GAINED CONFIDENCE IN TALKING AND INTERACTING WITH NEW PEOPLE. I ENJOYED ALL ASPECTS OF COIL, IT WAS AN AMAZING EXPERIENCE AND I WOULD LOVE TO DO IT AGAIN SOMETIME!

"Team four was not just a team, we became a family."

I believe COIL helped me improve my empathy and patience. I really enjoyed bonding with my team.

The aspect I most enjoyed was doing the ice breaking activity where we discussed different interpretations of each word. It was fun getting to know what everyone thought of India and vice versa."

COIL BRIEF WRITE UP - MARKETING

COIL has been a magnificent experience for the students from the Fatec University, Brazil and the SCMS, Pune who passionately worked with each other upon the Marketing and Advertising strategies of various MNCs. The students worked hard not only presenting a report but also a video showcasing the same. There were fifteen students divided into five groups working on five different companies. COIL ran for approximately one and a half month where we had three group meetings where the students broke the ice sharing their backgrounds and also discussed further steps. COIL also involved an extravagant exchange of culture and values among the students where they talked about their domestic festivals, food, popularities and a lot more.

Collaborative Online Interactive Learning has indeed helped the students to foster the spirit of academic growth and establish international connections justifying the vision of Symbiosis International University, "Vasudeva Kutumbakam", which means that the world is one.

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open

this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.

- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.10 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see [Fix email delivery issues for error code 5.1.10 in Office 365](#).

Also the student named Kush Jham has not sent an application to us and directly filled up the google form hence his name is not in our list.

Dear Angelo,

Greetings!

As discussed, we are sending the Offer letters as shared by LBU for SCMS P students. Also find attached the document mentioning the next steps with deadlines for the students.

However, we need to confirm the subject choices as there is some confusion in terms of choice of courses. PFA the list which shares the choices given by students earlier as per the Inbound application form. The choices marked in green, students can opt for as they are approved by LBU. If students are ok with those, they can go ahead with those. Please note the ones marked in red or blue are not available.

We request you to please share the offer letter and the document for further steps with the students.

Our apologies for the inconvenience caused. Please feel free to contact us for any further information.

March 2017 - 2017 (less than a year)

<https://www.facebook.com/Tausif4CountryChair/>

It is a great honor to nominate myself for Democrats Abroad Country Chair position. The only reason to nominate myself as a candidate is because I want the opportunity to give back to the Democratic party, the community and our country. Due to the incompetent leadership heading our country, we as a nation are facing grave challenges on a daily basis and this is affecting the citizens, businesses, organizations, allies and visitors. The Democrats Abroad should enroll more non resident Americans under the umbrella of Democratic party, so we can work together and elect more officials in city, state and federal elections.

As a Country Chair & Treasurer, I would continue the efforts of the previous office bearers and build on with the new office bearers. My experience in organizing events, public speaking and managing teams would help me in running effective meetings, by advocating positions that amplify the voices of the membership, and by providing services that help our members understand and intelligently make the choices that face them.
